

Evidencing the Impact of the Primary PE and Sport Premium

Website Reporting Tool
Revised December 2017

Commissioned by
Department for Education

Created by

**YOUTH
SPORT
TRUST**

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit [gov.uk](https://www.gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend. Under the [Ofsted Schools Inspection Framework](#), inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively [governors](#) hold them to account for this.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. We recommend regularly updating the table and publishing it on your website as evidence of your ongoing review into how you are using the money to secure maximum, sustainable impact. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

| Key achievements to date: | Areas for further improvement and baseline evidence of need: |
|---|--|
| <p>Introduction and development of building bridges scheme and regular attendance at the HWSSP events has increased awareness and understanding of people with special needs in the wider community.</p> <p>The Health and Wellbeing TA has delivered a wide range of fitness sessions to targeted pupils incorporating OAA, Gym, Athletics and Competitive elements.</p> | <p>Increase quality of delivery of physical activity during play times.</p> <p>Implement personal challenge into PE and individual fitness sessions.</p> |

| Meeting national curriculum requirements for swimming and water safety | Please complete all of the below*: |
|---|------------------------------------|
| What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres? | 0% |
| What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]? | 0% |
| What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations? | 0% |
| Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way? | No |

Pupils who attend Amwell View school and specialist have reduced mental cognitive ability, which is life-long. Pupils operate in the early stages of development and many have a recognised medical diagnosis or congenital condition such as Down's syndrome or other lesser known specific diagnoses, whilst others have a non-specific diagnosis of Global Developmental Delay. There is a growing population of pupils with a diagnosis of Autistic Spectrum Disorder (ASD). There are also many children who have a sensory impairment, either singularly or dually affected. Children may have a visual difficulty and/or a hearing difficulty. An added complication for some children can be when their brain damage impacts on the cortical pathways of the brain, resulting in cortical visual impairment. Many children have reduced mobility and are dependent on a wheelchair for any opportunity to move around the school. Children with Severe Learning Difficulties operate at very early stages of development, usually at the first centile. Many of the children in the school are not able to speak, read or write and therefore they rely heavily on the opportunities that are provided for them to learn, which includes alternative methods of communication. Many of the children use visual timetables, real life pictures, symbols, tactile cues and specialist communication aids instead of words. The complexity of communication difficulty creates frustration and anxiety, which needs greater creativity on the part of staff to provide specialist and flexible responses for the children and young children to make their needs known.

*Schools may wish to provide this information in April, just before the publication deadline.

Action Plan and Budget Tracking

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria and evidence of impact that you intend to measure to evaluate for students today and for the future.

|--|--|--|---|--|---|
| Academic Year: 2018/19 | | Total fund allocated: £16,770 (+57 on total premium) | | Date Updated: Sept 2018 | |
| Key indicator 1: The engagement of <u>all</u> pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school | | | | | Percentage of total allocation: (Primary PE teacher) 45% |
| School focus with clarity on intended impact on pupils: | Actions to achieve: | Funding allocated: | Evidence and impact: | Sustainability and suggested next steps: | |
| To ensure that all pupils achieve in excess of 30 minutes of physical activity during the school day. Activity planner heat maps 17-18 identified all classes achieving in excess of 30 mins of physical activity through PE, play and classroom based subjects. | To continue to monitor for academic year 18-19. | Rita Leader £7638.20 (Primary PE teacher 0.2 Funding) | Use activity planner (School Games) for each class in Autumn & then again in Summer terms. Teacher observation- pupils show improved behavior and concentration | Using active starters and activities becomes part of school practice across the school. | |
| Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement | | | | | Percentage of total allocation: (Primary PE teacher) 45% |
| School focus with clarity on intended impact on pupils: | Actions to achieve: | Funding allocated: | Evidence and impact: | Sustainability and suggested next steps: | |
| Increase communication, evaluation, responsibility and reliability in targeted group. | Identify children for Boccia England Leadership skills award focusing on communication & evaluation (Autumn term), reliability (Spring term) and resilience (Summer term). | Rita Leader Primary PE teacher 0.2 Funding | Detailed report through assessment tool. Targeted group show evidence in other aspects of school life and at home. Also group leads activities for other pupils in own school and in primary mainstream setting. Group to plan and deliver competition in Summer term. Achieve School Games Platinum Award. | Scheme embedded in school as part of Boccia club. Rita to run scheme with Claire Green. (Health and Wellbeing TA) | |
