Message from the Nursing Team

- ♦ The nursing team have been receiving high numbers of unlabelled non prescribed medications. The nursing team will not administer cold and cough remedies, as these need to be administered at home.
- ♦ If your child needs to start any new medications, antibiotics or pain relief that need to be given during the school day, please make contact with the nursing team, make sure that the medication is clearly labelled and a consent form will need to be filled in.

We have such positive feedback from lots of parents and I know that everyone is so busy but it would really help the school to have your feedback on Ofsted Parent View. We currently have **27 out of 162** parents who have responded. Thank you for your time and continuing to work with us to ensure all of the children who attend Amwell View fulfil their potential.

- ♦ Amwell View are expecting Ofsted this academic year. We are looking forward to welcoming the inspectors into our amazing school and for the children and staff to show them all of the learning that takes place. Both ourselves and Ofsted really value parents and families feedback and we would really appreciate you taking the time to complete the Ofsted Parent View form.
